Anthony County on Alert

A recent terrorist attack on the Girls State Railway (GSR) has left the citizens of Anthony County in fear. The fear that they will strike again on perhaps another form of the counties transportation services.

A Spokesman for the county stated that the citizens want heightened security to ensure their safety

What will the leaders of Anthony County do to put the fears of the people at ease?

Stay tuned for more information on this story

Angelou Nat's Bond

Our Party and County really seemed to bond for the first day! Everyone has great personalities , and really seems to enjoy each others company.

Our group seems to have a very strong sense for the goals we want to accomplish. I cannot wait to see where this group goes this week.

Our day #1 Maya Angelou quote was:

“I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel.”

Some quotes from some of the Angelou County Nationalists

*“I've met lots of cool people. They are very interesting, and I cant wait to know them more”-Teagan Brown

*” I feel that coming here will open many opportunities in the future”- Eva Capuana

And Finally Angelou Nationalist Joke for the Day

Where does a sheep go for a haircut?

Clinton County Surprised

For the citizens of Clinton County, the first day at the American Legion Auxiliary's Empire Girls State program proved to e full of surprises. The girls were given an introduction to Parliamentary procedure utilizing the construction of an ice cream sundae

This activity occurred after we all introduced ourselves so we then felt comfortable enough to contribute to the discussion.

Many of us did not know what to expect from this experience, but after today, we know to trust in the administration to show us all a good time, as well as and experience of a lifetime

Rankin Gets Rowdy

Day One of The American Legion Auxiliary's Empire Girls State started off with a bang!

Elections were occurring left and right , speeches flooded the room and competition was in the hot , humid air. Since we are now in the month of July that means hot, and extremely hot weather. Sweaty smiley faces engulfed the campus at SUNY Brockport . Through the heat over 300 girls proudly chanted at the start of the opening ceremony

Their was a competition between the counties for the loudest and proudest cheers that showcased either Girls State as a whole , or individual counties

A room filled with strong minded and determined young women is no place to be for those with sensitive ears Sadly earplugs are not provided by EGS so.....if you cant hide from the noise , why not add to it?! In this case, so called “inside voices” are not to be used unless you want your county to fall behind the others ..and who wants that?

The moral of Empire Girls State ? Be loud Be Proud Be Bold
